
Windows XP 32/64 bit
Vista 32/64 bit
Windows 7 32/64 bit

It is advised to install the latest Service Pack for these Operating Systems.

FlexNET
(network protection)

A FlexNET service will run on:
Windows XP 32/64 bit
Windows Vista 32/64 bit
Windows 2008 server 64 bit
Windows 7- 32/64 bit

Allplan

Scia Engineer 2010.0 is compatible only with :
Allplan_v2009
Allplan_v2008.0e
Allplan_v2008.0c
Allplan_v2008.2a
Allplan_v2008.1a

There is no support for Allplan 2006, 2008a and 2008b

However one should first install Allplan and then Scia Engineer, otherwise the proper installation for the Allplan patch won't be recognised.

Revit

Scia Engineer 2010 is compatible only with
Revit 2009
